

Inspiration and Celebration Day

Two things we think are super important are...celebrating the amazing things our teams achieve, and thinking about how we can do even better...

That's why, once a year, the whole Nära team will come together for a day of inspiration and celebration, including:

- An inspirational training session;
- A chance to share ideas and reflect on practice with colleagues from your own and other nurseries;
- The Nära Awards Ceremony;
- And more...
