

Nourish

We know there are certain times of the year when a little extra in the pot can be really helpful...

That's why we let you choose the time of year you'd like a little top up 'bonus' in your salary.

Will you choose to receive an extra £100 in the spring to help with any new year projects?

Will you choose to receive an extra £100 in the summer to help with a holiday or enjoy a day out?

Will you choose to receive an extra £100 at Christmas time to help with an expensive time of the year?
